

TechDays 2019

Scheugenpflug.
Advanced Dispensing Technology

June 5-6

Experience trends up close!

From E-Mobility to optical bonding all the way to autonomous driving:

Without precise, high-performance dispensing technology and intelligent materials, many of today's trends and mega trends would not have been possible.

For 10 years now, the Scheugenpflug TechDays represent know-how, real added value as well as pioneering adhesive bonding, dispensing and potting technology. Once again, we bring together experts from various areas and with their help, you can use these technologies even more successfully. Practice-oriented presentations by specialists in German and English as well as numerous system demonstrations make for a well-rounded event program.

**Adhesive Bonding, Dispensing and Potting with everything related to it:
Experience the entire know-how of Scheugenpflug!**

Dispensing systems • Material preparation and feeding • Dispensing processes under atmospheric pressure and in a vacuum
Automated systems and customized solutions
Upstream and downstream processes around adhesive bonding, sealing and potting • Possible material applications
and much more

Lecture program June 5-6, 2019

8:00	Entrance & start of the exhibition
8:45	Potting systems in modern households and smart homes <i>Artur Drachenberg, WEVO-CHEMIE GmbH</i>
10:00	Dow's advanced silicone adhesives/sealants cure and adhesion technologies <i>Florian Damrath, Dow Silicones Deutschland GmbH</i>
11:30	2-component silicone products ELANTAS – High temperature and moulding applications <i>Markus Brodbeck & Dr. Andreas Steinmann, ELANTAS Europe GmbH</i>
12:30	L u n c h b r e a k
13:30	Adhesion built-up of addition curing silicones at moderate processing temperatures <i>Dr. Markus Jandke, Wacker Chemie AG</i>
14:30	Thermal conductive adhesive and the application technology – From an idea to the full package solution <i>Holger Schuh, Henkel AG & Co KGaA Johannes Blaser, Scheugenpflug AG</i>
15:30	Advanced silicone solutions for automotive display applications <i>Cristian De Santis, Momentive Performance Materials GmbH</i>

Subject to change.

You can register online for the lectures via the link on the next page.

Registration until May 17

Please register bindingly via our online form:

<https://www.scheugenpflug.de/en/techdays-2019/registration/1730>

We are looking forward to meeting you!

TechDays 2019

Scheugenpflug.
Advanced Dispensing Technology

Scheugenpflug AG
Gewerbepark 23, 93333 Neustadt/Do., Germany
vertrieb.de@scheugenpflug.de

Exhibitors:

Bodo Möller Chemie GmbH
CeraCon GmbH
CTS GmbH
copaltec GmbH
DELO Industrie Klebstoffe GmbH & Co. KGaA
Dow Silicones Deutschland GmbH
Dr. Hönle AG
ELANTAS Europe GmbH
Electrolube Ltd (a division of HK Wentworth)
Elkem Silicones Germany GmbH
GEFASOFT GmbH
HALA Contec GmbH & Co. KG
Henkel AG & Co. KGaA
KERAFOL – Keramische Folien GmbH & Co. KG
LORD Corporation
Momentive Performance Materials GmbH
Hermann Otto GmbH (OTTO-CHEMIE)
Panacol-Elosol GmbH
Plasmatreat GmbH
Polytec GmbH
Sika Deutschland GmbH - Sika Advanced Resins
TE Connectivity / KRÜGER-Werke GmbH
Wacker Chemie AG
WEVO-CHEMIE GmbH
